Financial transaction tax may be added in case of buying securities.

For UK stocks, a Panel for Takeovers and Mergers (PTM) Levy and Stamp Duty may be applicable. Stamp Duty is applied on all buy transactions at a rate of 0.5% of the transaction value. A PTM Levy of GBP 1 is applied to buy and sell transactions where the Gross Value of the trade exceeds GBP 10,000.

Please note that for Irish registered stocks, Stamp Duty is 1% of the transaction value.

We cannot currently support or offer preferential withholding tax rates that may be available due to residency or legal status.

Net Free Equity margin financing

Valid as of 01.04.2014

Cash collateral for Net Free Equity margin financing may differ from the trading margin requirement. To avoid paying interest on your account you are required to hold sufficient cash collateral ensuring a positive Net Free Balance.

Net Free Equity is defined as:

- The value dated cash balance on the main trading account
- Plus or minus the value of any unrealised profits or losses from open trade exposures in CFDs, Futures and short non-future style Contract Options on the main trading account
- Minus the value of margin requirements for open trade positions on all accounts.

Information about Net Free Equity interest conditions can be found in the platform.

Data subscriptions and fees applicable for real-time data and news

Valid as of 01.03.2015

Market data subscription fees for all supported markets can be found in the platform.
